HOW TO:

INSTRUCTIONS

1. Select a picture frame. I chose two frames and glued them on top of one another. The base frame in the art video is a square wooden frame from *Michaels*. The top frame was a square frame from the *Dollar Tree*. 2. Select two coordinating papers and trace them using your frame's cardboard insert as a template. 3. Cut out paper and glue to your frame or insert. 4. Put paper back in the frame as you would a photograph and reassemble the glass. 5. Hot glue your smaller frame onto your larger frame. 6. Print out the MESSAGE BOARD scripture and add to your frame. 7. Using a hot (low temp) glue gun, embellish your frame with ribbon, trim, buttons, and more. 8. Add your dry erase marker with ribbon and start "taking NOTE" of God's word!

James 1:19 tell us to pay attention...**TAKE NOTE of this**: Everyone should be QUICK to listen, slow to speak, and slow to become angry..." In order to be DOERS of the word of God, we need to listen to it, think about it, and write it down. What a perfect craft to REMIND us to DO this! The Message Board will help us to recall James 1:13-25. As you are writing down notes, you will be reminded that every good and perfect gift is from above and that God chose YOU to plant His word into your heart so that if you DO what it says, you will be blessed!
